

POLITICAL SCHIZOPHRENICS

By KEN HOOP

Schizophrenia is a very serious mental disorder which plagues a great number of individuals, if we are to believe statistics. Those afflicted are usually discovered quickly and placed in a proper center of treatment. Hopefully they will recover some day and face the world once again. However as a rule of thumb, it is a good thing to be quite certain of their complete recovery before turning them loose back into society.

It is bad enough to have isolated cases of schizophrenia running around on city streets tonight. But it is an even worse situation to have your nation run by a band of a type of schizophrenic goons. Such a band currently runs America. These abnormal fellows go by the name of Zionists and run things in America, lock, stock and barrel. Imagine! An entire nation run by schizoids?

The goal of these particular schizoids is the complete annihilation of Western culture. Centuries of 'persecution' have given to the Jew an unbendable "will-to-destroy" mission in regards to white civilization. They share this goal, to a certain extent, with their only major power-enemy on the current geopolitical scene—Russia! The great Russians never have cared for the West much themselves; and are aptly termed "barbarians." However their values are much more similar to those of the West than are the values of the Jewish culture-distorter to the West.

Under Zionist control, American foreign policy has deteriorated badly. After World War II, the American Zionists were under the notion that their fellow band of Russian Zionists still ran things there. This accounts for their idiotic and suicidal relinquishing of great spaces of territory in Eastern Europe to the Russians. Today, 25 years later, they begin to realize maybe something went wrong with Russia. For the same land where Trotsky once forwarded his Yiddish goals is the land which now denounces American Zionism!

So the Zionists scamper off a team of Goys under the leadership of Henry Kissinger to talk a deal with Peking against Russia. Now it is doubtful whether even Chou En-lai & Co. will seriously consider remaining under American Zionist control.

American Zionists don't even understand the rules of the power game which they are attempting to play, so how can they expect to win? They believe they can taste victory by the use of Intellectual Money Power! The realistic cynics in the Kremlin know better. They understand to win world power in the 20th Century, military blood-power must be used. The Jews don't believe in using their people's blood to gain victory. In a war to save their fellow "religionists" in Germany—WW II—only about 1% of the U.S. Army was Jewish. Allied propaganda however, was about 90% Jewish!

The best thing the Zionists could do of course would be to exit the playing field and forfeit the game. By doing so, they would at least save face and admit that their silly totalitarian scheme for world rule has gone awry. Perhaps then a new set of "team leaders," Western in race and culture could try their hand in the contest for world control.

Unfortunately, the schizophrenic Zionists will not be satisfied until they have tasted total defeat. Why? They have become accustomed to holding intellectual power and complete reign over things in America. They have such an easy time of it running things here what with the phony Right and Left doing their chores for them, why should they feel obliged to relinquish their rule?

As Francis Yockey forecast however, defeat will not be long in the coming. His *Four Essays* harshly spell it out. The sad part about the fiasco is that Zionists will take multitudes of white Americans down with them when they lose. What is the moral of the story? Don't let schizophrenics run your nation if you value its health . . . and yours.

A SENTENCE OF DEATH

(Continued from Page 2, Column 3)

room." On other occasions, Mr. H. got along wonderfully well with Jews. When he was exposed as a Communist, they spent untold thousands of dollars defending him. He is still in the Establishment, and still working night and day to bury Israel. How stupid can these Yids ever get?

In Judaized America, the sense of reality is dead. The American Establishment is cutting paper dolls while Russia wins the POWER GAME around the world. There are those who say that different "policies" ought to be adopted in America. No mere "policies" will ever save this country today. Only a major character-reformation would have any favorable effect. This country, as a Jewish colony, is morally indefensible. It is morally bankrupt at home and supports a morally bankrupt foreign policy tied to Zionism, which itself is a quaint old Nineteenth Century intellectual antique. The Soviet Union has an entirely smarter and and more realistic leadership. In Europe, while the American Jews connive with corrupt European leaders to flood an overpopulated Europe with hordes of colored immigrants to wipe out the white race there, Soviet-sponsored student groups march and sing:

MAKE THE NEAR EAST RED,
STRIKE THE ZIONISTS DEAD!

Meanwhile, in darkest America, the stupid and corrupt politicians of the political parties eagerly auction themselves to the Jews. They are as shameless as Rampart Street whores in old New Orleans. The Jews buy them like sacks of potatoes. This applies to "Conservative" and "Right Wing" politicians no less than the others. They run around the country howling their stupid and worthless "Anti-Communist" slogans while they prostitute themselves to the Jews.

What can you do about it? There is much to do, and little being done. There are a few good little political movements, but they have no money. The American rich are judaized and suicidal; they will not support anything which is any good. We are coming pretty close to the time when there will be only one way to save your hide: TRAVEL. Flee the country. We would like to tell you that we know an easy and fast route to national salvation; but we are bound to the motto which Conde McGinley emblazoned on the masthead of this paper many years ago: "THE TRUTH, THE WHOLE TRUTH, AND NOTHING BUT THE TRUTH, WITHOUT FEAR OR FAVOR." The plain fact is that this country is headed for the last roundup. If it were not destroyed by foreign enemies, it would be destroyed by its Jewish masters, who are a deadly menace to the whole future of the human race. As for the impotent crew of dotards and fools who gallop around the country howling that they are "Fighting Communism" and "Saving the Country," most of them do not have the guts even to mention "The Jewish Problem." IZVESTIA has told more truth in one paragraph than Billy James Hargis, Carl McIntire and Robert Welch have told during their entire careers: "ZIONIST LEADERS HAVE COMMITTED QUITE A FEW CRIMES AGAINST THE PEOPLES, AND THEY MAY COMMIT MORE. TAKING PART IN THE ANTI-SOVIET PROVOCATIONS STAGED BY ZIONIST ORGANIZATIONS IN THE UNITED STATES AND CERTAIN OTHER COUNTRIES, WE FIND THE SCUM OF THE BOURGEOISE WORLD."

A Zionist hooligan in New York recently fired a rifle into a room in the Soviet Embassy to the U.N. at 136 East 67th

Street in New York; there were four children asleep in the room. This is the Jewish way of "Fighting Communism," firing rifles into rooms where children are asleep. The German WEHRMACHT, which the Jews hated so bitterly, had more guts. They fought like men at Stalingrad. Meir Kahane's rabble apparently prefer to fight children. They hate Russia, and they want somebody else to fight Russia, but Stalingrad is not the sort of thing they have in mind when they talk of "fighting." German officers who fought at Stalingrad have told me that the battle was a "bone grinder." There were thousands of artillery pieces going day and night, their roaring punctuated by the chatter of untold thousands of machine guns; tanks rumbled and exploded; blood flowed in rivulets in the streets. When Kahane's crowd talks of "Fighting Communism," this is not the sort of thing they have in mind at all. They will only fire rifles into rooms where children are asleep, in a building where none of the occupants are armed.

The American-Jewish Establishment has been outplayed by the Soviet Establishment. The Middle East steeltrap is about to spring. What now, little Jew? COMMON SENSE told you back in 1967 that your Republic of Israel was headed for the last roundup. We were not guessing. We knew the realities of the situation. It is clear that the Zionist Establishment is not moved by rationality. It is moved by irrational forces of blind, ignorant pride, by the tides of Evil, by the lust for senseless destruction. Adolf Hitler once said, "The Jew's realization of the unconditional dependence of his own existence upon that of his victims appears to me to be the main cause for his hatred. To be obliged to try to annihilate us with all his might, but at the same time to suspect that that must lead inevitably to his own ruin, therein it lies, if you will, the tragedy of Lucifer."

Therein also lies the tragedy of America, to be destroyed by those aliens who have usurped power with the help of prostituted politicians of our own race, which certifies our own complicity and corruption. Now the angry angel casts a millstone into the sea and cries, "With this violence shall that great Babylon be cast down!"
